Dear Business Partner

13 October 2020

Buy Local Grow Namibia Campaign

The Namibian newspaper is collaborating with the Namibia Trade Forum (NTF), Team Namibia, the Ministry of Industrialization and Trade and the United Nation (UN) to create awareness in support of local goods and services. We wish to encourage local production and showcase local goods from jewelry, fashion, food, furniture, fresh produce to soft drinks and wines and more.

We also aspire to sensitise our fellow citizens of the importance of supporting local producers of our economy to foster patriotism among our citizens towards economic development. The campaign, therefore, endeavours to support the growth of local businesses, wealth and employment creation.

We are inviting you to give your business and products or services a highly visible, national platform to convey the many benefits of your local business by placing an advertisement in our upcoming edition of a Spotlight on BUY LOCAL GROW NAMIBIA to be published on 13 November 2020 (including digital exposure).

We offer you a 50% discount on our rate card rates on all ads placed in this unique publication.

Terms & Conditions:
To qualify, please submit your official registration documentation as proof that you and/or your business are an SME and/or at least 75% owned by Namibians and/or procure locally produced goods for resale.

Let us all participate in this patriotic campaign to make Namibia and her people as great as ever.

Please contact Dianne Ludwig at dianne@namibian.com.na or 081 226 9911 or 064 - 463751 for a quotation.

Booking deadline: 6 November 2020
Material deadline: 6 November 2020
